In the second half of 2023, the Group will continue to devote its energy in facilitating the completion of the GSH Restructuring. If completed, the GSH Restructuring will (1) provide additional fund to settle the loans under disputes with banks and thus improve the financial position and gearing level of the Group; (2) enhance the working capital position of the Group and prepare for the resumption of operations of the Jinzhou production site so as to improve the Group’s operating cash flow; and (3) release the Group from its obligations in relation to loans owed by Dihao Foodstuff.
